

INFORMATION FOR IMMIGRANT VISA APPLICANTS

The United States Consulate General in Jerusalem has moved to a new service that provides support for visa processing. The new service provides document delivery options at no additional cost to the applicant.

Please log into the website at <http://usvisa-info.com/> to register for courier services. Please follow the instructions on the website to see the courier options. You can select a convenient location for you to pick up your passport and visa or check to see if your address qualifies for Home Delivery.

You will receive a confirmation email when your documents are ready to be picked up or when your documents will be delivered to your home/office.

You can also confirm if your visa is ready to be picked up or delivered at <http://usvisa-info.com/>. You will need to log onto the website using your Passport Number, Date of Birth and Nationality, and when your visa is ready for pickup or delivery, you will see that information on the main applicant screen.
